At the end of that time Mrs. Boyd agreed to return to Atlanta, but when she reached this city she declined to go back to her husband and threatened to commit suicide unless he procured a divorce. The decree was granted in July. Last week Mr. Byrd came on to renew his suit for his divorced wife's affections, and courted her with the arder of a young lover. She received his advances with apparent favor until he made a formal proposal. Then she became steny and persistently refused to remarry him, in spite of his pleadings and those of her mother and their nine-year-old boy. Ridley, who accompanied his father.

father.

Mr. Byrd was reluctantly compelled to return to his business in Atlantic and the luxurious mansion which was the scene of his former happiness.

The divorced wife acts rationally and will make no explanation except that she has ceased to love Mr. Byrd and will regard him only as a friend. She considers it his duty to marry again, and hopes to be independent of the income he now sends her through literary rome he now sends her through literary efforts which she is now making.

BROOKE'S LITTLE JOKE.

Rough on Sullivan, Who Menns to Get "Square."

Lawyer Thomas J. Sullivan, of Blake k Sullivan, boarded a Broadway car at Wall street yesterday morning to ride uptown. Mr. Sullivan had just been to the Sub-Treasury and had in his pocket \$455 in new crisp greenbacks. When asked for his fare Mr. Sullivan found that he had only three cents in change, so he handed a brand-new \$5 bill to the

That only made the conductor study the bill harder than ever. Finally he handed it back to the lawyer, and said:
"I can change i., but it's too new and I'm afraid of it. I've rung up your fare and you'll have to pay me."
Then Mr. Sullivan offered the conductor his choice from a lot of new \$5 and \$10 bills, and while he was doing it Lawyer Charles W. Brooke got on the car.
"Hello, Charlie," said Sullivan, "Lend me a cickel to pay this man. I haven't anything but big bills and he won't change 'em."
Mr. Erooke knows Mr. Sullivan very well indeed, and they are good friends, but Mr. Brooke is very fond of a practical joke and it didn't take him long to size up the situation. He glared at Mr. Sullivan and said very sternly:

Sullivan looked dumfounded. Then he rose hastily and, with a very red face, made for the door. Refore he reached it Brooke grabbed him and exclaimed:
"Why, bless my soul, it's Tom Sullivan, as I'm alive. Well, well, well: I didn't have any glasses on. Five cents, you say. Why, certainly."
He paid his brother lawyer's fare, and they sat together and chatted pleasantly enough, but Sullivan says he'll get even on Brooke, if it takes him a year.

Cain's Wife. To the Editor: There seems to be a difficulty in answering the question, "Where did Cain get his wife?" And the gentleman who asked it already supposes the whole Bible to be untrue. The fact is that Cain married his sister. Again, the gentleman says so he finded a branchew so that to the conductor. Raw Foods and Vitality.

Cooking is said to destroy the vitality of foods. Live foods, such as fruits, vegetables, nuis, milk, butter, cheese, eggs, get their nutriment from the vital ele ment. A bean, potato or a grain will grow if planted or nourished raw; cooked it no longer possesses the vitallty to reproduce itself. Many dietarians claim not only physical health and animal perfection, but rare spiritual beauty and mental force for the raw

Restful sleep renews the life. Turpentine is a sure exterminator of edbugs. Never sleep with the face turned toward a near wall.

Never have children habitually sleep with older persons. Pure air is fully as important in sleep ing as in waking hours, "One bed for one person," is the best

rule for health and comfort. Study common sense and comfort ather than custom and fashion. Never set a bed in the corner of a oom; there should be open space on at least three sides.

Sleep is nature's season of repair; the more quiet and unbroken the sleep, the more perfect its work.

Feather beds are not only unwholesome and uncomfortable, but they harbor and transmit disease.

Coatly Black Kid Gloves. Black kid gloves are the costliest tock in hosiery. The dye rots the skins o matter how fine they may be in quality. It is for this reason that small lealers carry a limited stock. White or colored gloves may be put away with reasonable safety, but black kid gloves dry up, crack and become worthless in a short while. Women who have a

fancy for black kid gloves should buy them as required. Like butter, the fresher the stock the better. Novel Hat Trimming.

Wholesale Refining Foods. One of the famous chefs of New York has a theory that the most wholesome articles of diet have unmistakably refining influences. He considers gluftony in fashionable life disgusting and destructive.
